**STATEMENT OF PROCEDURES
ADOPTED BY SOUTH CANAAN CELLULAR COMMUNICATIONS
COMPANY, LP.
TO ENSURE COMPLIANCE WITH THE RULES AND
REGUALTIONS OF THE FEDERAL COMMUNICATIONS
COMMISSION REGARDING THE PROTECTION OF CUSTOMER
PROPRIETARY NETWORK INFORMATION ("CPNI")**

Prefatory Statement: Our Company has elected not to utilize or provide CPNI for any purpose other than those purposes that are permissible without customer approval in accordance with Section 64.2005 of the FCC's Rules and Regulations. We have adopted the procedures set forth below to ensure our familiarity and compliance with the applicable rules in the event that we subsequently elect to utilize or provide CPNI for any purpose that requires customer approval.

CPNI Use and Procedures

- (1) We recognize that we may use, disclose or permit access to CPNI to protect our rights and property, our Customers, and other carriers from fraudulent, abusive or unlawful use of, or subscription to, our services.
- (2) We understand that we may use, disclose or permit access to CPNI to provide or market service offerings among the categories of service to which the Customer already subscribes. When we provide different categories of service, and a Customer subscribes to more than one service category, we understand that we may share the Customer's CPNI with the affiliate that provides service to the Customer; but if a Customer subscribes to only one service category, we may not share the customer's CPNI with an affiliate without the Customer's approval.
- (3) We understand that we may use, disclose or permit access to CPNI derived from our provision of local wireless service for the provision of handsets, roaming wireless service, directory assistance, call waiting, call forwarding, three-way calling, caller id, voice mail, text messaging, mobile messaging, and data services including but not limited to: mobile email, internet, video, instant messaging, and BREW without Customer approval.

- (4) In the absence of Customer approval, we do not use, disclose or permit access to CPNI to provide or market service offerings within a category of service to which the Customer does not already subscribe, except that we understand that we may use, disclose or permit access to CPNI for: (a) handset repair, network repair and maintenance (b) and to market, adjunct-to-basic services such as, but not limited to, handset insurance; roadside assistance; enhanced directory assistance or concierge services; wireless handset tracking services, satellite, and security services.
- (5) We do not use, disclose or permit access to CPNI to identify or track Customers that call competing service providers. For example, as a wireless carrier, we do not use CPNI to track Customers that call wireless competitors.
- (6) In two limited circumstances, we utilize third party vendors with access to CPNI to perform essential functions in connection with our provision of telecommunications services: (a) a company that processes call records for the purpose of preparing customer bills, and (b) a company that physically prints the customer bills. In both cases the Company requires these third party vendors to observe the Company's CPNI obligations and to limit their use of CPNI solely to the purpose for which they are permitted access.
- (7) We provide CPNI to law enforcement personnel in compliance with subpoenas, to PSAPs as necessary in emergency situations, and to other carriers for LNP purposes when the customer so authorizes in writing.
- (8) Except as described in the previous two paragraphs, we do not use, disclose or provide access to CPNI to any third parties for any purpose.
- (9) In the event that at a future time we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, we will obtain approval through written, oral or electronic methods. If we rely on oral approval, we understand we bear the burden of demonstrating that such approval was given in compliance with the CPNI rules. We will honor a Customer's approval or disapproval until the Customer revokes or limits such approval or disapproval. We will maintain all records of Customer approvals for at least one year. Subject to "opt-out" approval requirements, we understand that we may use a Customer's individually identifiable CPNI to market communications related services to that Customer, and that we may disclose that CPNI to our affiliates that provide communications-related services.
